## Professional experience

### • Kevin Cluzel

*June 2023 to August 2023*

#### Internship - Website Development

I worked as an intern on the development of the website for 'State Of Flow Jiu-jitsu & self-defense,' led by Kevin Cluzel - <https://sof.conciergerie.dev>

During my internship, I took charge of website development under the supervision of my mentor. My primary responsibility was to create various pages for both users and administrators, focusing on establishing a hierarchical login system and implementing a comprehensive CRUD system to enable members to upload videos.

#### Technologies Used:

I utilized the Symfony framework for the back-end, ensuring efficient data management and features.

For the front-end, I employed HTML Twig and CSS Tailwind, providing an attractive and seamless user experience.

### • Restaurant Darul Aman

*November 2022 to December 2022*

#### Internship - Website Development

Led the development and SEO optimization for the website of the restaurant 'Darul Aman' - <https://darulaman.fr>

I led the complete design and development of the website, focusing on establishing a dynamic online presence using the WordPress platform.

#### Key Achievements:

- **Website Design:** Created an attractive and informative website that accurately represents the restaurant's identity.
- **SEO Optimization:** Implemented advanced SEO techniques to enhance the restaurant's online visibility.
